Q3 How would you rate the school overall? (1 being lowest and 4 being highest)

* **4**

Comments on Overall School Rating?:

I have been going to schools of all sorts my whole life and I am 74. Academy of Golf Dynamics ranks up with the very best. When I take a class I want the people teaching it to know what they are teaching, and be able to pass that knowledge on to me. If they don't make it interesting, then I loose interest, and have a hard time paying attention. I also like a sense of humor, and they have it. I don't expect to become a scratch golfer, but now I feel I learned enough to become a much better golfer. Hitting balls at the range is what I did, hit balls, now I have something to practice, when I hit balls, and I know that will help me improve. I wrote down on my entry sheet what I thought I needed help with, and all those areas were covered for me. I attended the school with two of my friends, and we all agree it was a fun, worthwhile experience. I am already looking forward to next year.

The school was well priced, fun, and moved along at a good pace without wearing you out. The way we changed subjects every few hours kept it interesting, and then coming back to those things again later tied everything together. We covered a lot those 3 days. More days would have been to much, and less wouldn't have been enough. They have it down! I now have a routine, things to practice, and a way to practice to improve.

Q5 Is there anything else you'd like the Management to know?

You guys were all great! I tried to put my name on this, but couldn't. Nick Page

Q6 Would you allow us to use your survey on our website or social media?

Of course, but I don't know why you would. I talk much better than I write.

Q7 What did you think about the Lunch Voucher and rate the quality of the Hills Creekside Restaurant?

The food was good, but I wasn't impressed with the service. It worked.
